Number 25

Schools Suffer As Teachers Go To Better Jobs

The Canyon Public Schools are still facing a very critical teacher shortage which was accentuated this week by the occurrence of another vacancy created by the resignation of a teacher who found employment in the Amarillo school system at a more attractive salary, which in fact was some \$800 per year better than our local schools could offer.

The average salary paid classroom teachers in the Canyon Independent School District last year was \$1230 plus a bonus of \$120. This low salary, in the face of living cost, is unattractive to teachers either in the profession or those who are preparing to enter the profession. It is not fair to ask the services of a teacher, who has prepared for this work for a period of four or five years, in our schools for a salary less than \$2,000, particularly when they are expected to continue in their professional growth and social advancements comparable to that of the best citizenry in our community. Too, in the face of a constantly increasing and graduating every-day living cost our present salary scales are literally "driving away" the very persons whom we would like to have educating and associating with our children.

It is evident that unless salaries are increased substantially by local and state support that the Canyon Public School and the schools of Texas will find approximately one tenth of their classrooms and curriculum inactive.

A survey in our state has just been completed to determine a true reflection of the teacher situation, and it was disclosed that there are 4,324 positions now vacant. This represents a 17% vacancy condition in schools the size of Canyon or smaller. The larger cities are affected least by vacancies, because most of them have been able to provide salary increases for teachers this year due to increased tax rates as well as the increased state per capita apportionment for the coming school year. These larger schools receiving a supplementary per capita apportionment of \$6 for the thousands of scholars in their school systems have been in position to give their teachers considerable increases whereas school districts having smaller scholastic population are unable to make similar favorable adjustments.

Former Citizen Is Being Held Murder Charge of Stepchild

Dick Smith, a former Canyon boy, is being held in the jail at Albuquerque on the charge of murdering his year-old stepdaughter, Darla Jean. The man is the son of Mrs. Myra Smith, former county treasurer of Randall county, who is now living in Colorado with her husband, Harry Upfold.

According to the Albuquerque Journal, Smith and his wife have been married three months. She is the mother of three children by a former marriage, one of the children having died at birth. Smith's first wife and two children live in California.

Mrs. Smith charges that Smith had whipped the baby several times for crying. The baby had been in poor health, and recently returned from the hospital where it was seriously ill. Smith took the child in his car to visit a friend. The baby cried and Smith admitted that he whipped the baby, and then grabbed her and shook her. When he reached home he carried the baby into their apartment, and the mother saw that the baby was dead.

Dick Smith left Canyon when a boy, but the family is well known here.

90 Ballots Cast by Absentee Voters for Saturday

There was a decline in the number of absentee ballots cast in the second primary. There was a total of 125 votes cast in the first primary and 90 cast up to Tuesday night.

JULIUS KUEHN MARRIED

According to word from Mt. Home, Ark., Julius Kuehn, former Randall county farmer, and Mrs. Edna Parmalee are married and are living at that place. Mr. Kuehn sold his farm two years ago and moved to Arkansas.

Mr. and Mrs. A. M. Roberts of Canyon, and Byron Ford of Amarillo vacationed in the mountains of New Mexico.

Mrs. Ray Priddy from Priddy, Texas is visiting here with her sister, Miss Lou Ella Patterson.

Changes Made in College Faculty For New Year

President J. A. Hill has announced two changes in the faculty for the opening of the fall session.

Tom Langston has been elected instructor in Business Administration to replace Miss Maud Cuenod, who resigned recently. Mr. Langston was secretary to President Hill for several years. He was a Yeoman in the Navy during the war. While in the office of President Hill he assisted in teaching in the department. Mr. Langston recently resigned to become business manager of the Neblett Hospital.

Miss Marion Miller has resigned her position in the office of Registrar D. A. Shirley to accept a position as Registrar of the Amarillo College on Sept. 1. Miss Miller has been in this position for a number of years and was very efficient in her work.

New Equipment Added To Plant of Canyon Laundry

The latest in modern laundry equipment has been installed in the Canyon Steam Laundry. J. A. Young, owner of the laundry, announces that for all kinds of laundry work, he is now equipped to give more prompt service, still retaining his quality work.

The laundry, just west of the Post Office building, specializes in shirt work, since it employs the best machinery for laundering and finishing shirts that is available on the market. Mr. Young hopes that as the laundry increases in volume, prices will decrease.

Mr. Young hopes to give Canyon a first-class laundry service by use of his modern equipment, efficient helpers, and friendly, prompt service. An invitation to visit and inspect this new equipment is extended to the public so they may see how their clothes are handled.

Carpenters Busy on Barracks on W. T. Campus

Virgil Henson, business manager of West Texas State, says that carpenter crews are working on practically all of the housing units which were moved to the campus from the Prisoner of War Camp at Hereford.

The last of the units should be moved here by the end of this week, and with the progress which is being made on the houses, and barracks, these should be ready for occupancy by the time college opens next month.

Buffalo Lake Is Opened to Bidders on Concessions

Howard Boxwell of Amarillo has given up his concessions on Buffalo Lake, and bids will be opened Sept. 12 for a new contract, starting Oct. 1.

Whether Canyon citizens will bid on the concessions is not yet determined.

15,000 bass have been placed in the Lake by the government. Fishing has been good all season.

First National To Close Saturday

The First National Bank will be closed on Saturday for the second primary election day.

STORK SPECIAL

A son, David Dwayne, was born to Mr. and Mrs. Dwayne L. Roberts August 14. Mrs. Roberts will be remembered as the former Peggy Jean Harding.

A son, William Ogden, was born to Maj. and Mrs. Ogden Stroud in Tampa, Florida, August 20. Major Stroud is stationed there with the Photographic Division of the United States Army.

MARRIAGE LICENSES

B. W. Shelton, Jr. to Lucille F. Smith, August 13.

Earl Leon Matthews to Naomi Frances Hayes, August 14.

M. C. Montgomery to Tilina Shirley, August 16.

Bobbie Ray Lancaster to Juanita Via, August 17.

Bill Clark to Mrs. Eula Russell, August 17.

Oscar F. McCall to Jewell Dean Combie, August 17.

Mrs. Tommye Prichard, Mrs. N. T. Dickerson, Mrs. C. O. Elkins, and Mrs. Mack Elliott of Tulsa, are visiting this week in Fort Worth with their niece, Miss Mozelle Smith.

They also plan to spend some time in Dallas while they are away.

Miss Evelyn M. Black is serving as Assistant Clerk in the Selective Service office this week, during the absence of Mrs. Tommye Prichard, Clerk, who is on a short vacation.

First General Rain Falls In Several Months

Canyon received its first general rain Tuesday morning in several months. The total moisture which fell in Canyon amounted to 1.08 inches.

While it is believed that most of the county received rain at that time, the amount varied considerably. The east part of the county did not receive as much moisture as fell over the Canyon section.

A light shower of .06 of an inch fell in Canyon Wednesday night. Another shower Sunday night measured only .12 of an inch. The rain varied over the county, with nearly two inches falling south of Amarillo and as much as 1.50 inches in sections around Umbarger.

The total rainfall for Canyon so far in August amounts to 1.39 inches. The total for 1946 is 8.23 inches. However, a large part of this rainfall has been of little value, owing to the small showers which have fallen at infrequent intervals. Rain of less than half an inch does little good during a drought.

While the rain this week will probably revive the feed crop, it is difficult to believe that much grain can be made unless there is exceptionally favorable weather in the fall.

Boy Scout Camp Will Open For All Local Scouts

The Llano Estacado Council Boy Scout Camp opens Sunday, August 25, and will be in session until Sunday, September 1. Richard Evans, field executive for the Boy Scouts, with offices in Amarillo, announced the camp this week, and urges all Boy Scouts to take advantage of the outing.

All Boy Scouts who plan to attend the Camp are asked to take registration cards and physical exams to Levi Cole or to Coach W. W. Nicklaus, as soon as possible. Boys from Troops 30 and 31 in Canyon and 34 in Happy are all urged to contact these men for information concerning the camp.

Swimming, and many other outdoor activities are afforded the boys who attend; and this is the last opportunity for a Council Camp this year.

Dr. Roy Johnson Talked Tuesday on Peace at Rotary

Dr. Roy L. Johnson discussed the setup of UNESCO and its function in trying to arrive at World Peace. His conclusion was that the world wanted peace; but the Russian people wanted peace; but unless the leaders of Russia changed their prejudiced minds there was certain to be another war.

The issue of every daily newspaper tells of unrest and disturbances throughout the world, which are evidence of a lack of understanding and the wrong motives of leaders.

Quoting from an authority: "Unless we accept the doctrine of One World, there will be no world; humanity will destroy itself."

Banding peoples together from all parts of the world will not settle problems if these peoples go there with prejudiced minds.

The difficulty with Russia is that the leaders are prejudiced; that they do not have open minds. Unless there is freedom of speech and freedom of the press, there is no basis of freedom between nations.

Russia has done a remarkable job of teaching children how to read and write. Textbooks are given them in 138 dialects and languages. The world has never seen such a unified effort to train youth. But literacy does not exclude prejudice.

Unless there is national understanding, freedom from class, racial and religious prejudice, war will be inevitable. H. G. Wells, the noted aesthetist stated that the life of Christ was the greatest example of tolerance the world has ever had. And unless the world accepts the leadership of Christ, it will soon be in trouble.

Visitors were: Dr. Leo Duflot, Sam Johnson, Rev. Joe Findley, all of Canyon; J. Francis Brown, Emil F. Myers, Forrest Barnes, Paul Fowler, J. H. Brown, Dr. W. B. Stevenson, Ted Neely, all of Amarillo; J. B. Hardeman of Plainview; Rev. Noel Bryan of Ralls; Rev. Beauford Norris of Pampa.

Mrs. H. D. Wetmore, Jr. of Spokane, Washington visited with Mrs. W. C. Kunze and other friends in Canyon this week. She graduated from West Texas State in 1927.

Little Miss Mary Alice McElwee of Lubbock is visiting her cousin, Miss Sylvia Key.

Discharged

John Bell, Jr. received his discharge from the Army August 13 at Fort Sam Houston. His rating was Private, first class at the time of his discharge, and he served one year and two months.

William Burnice Baker was discharged at Camp Wallace on August 10 after serving three years in the Army in the American Theatre. His rating was Aviation Cadet, USNR.

Joseph W. Damron of Amarillo was discharged at Fort Sam Houston with the rating of first lieutenant. He had served three years and eight months, with air combat in Europe and the Balkans.

Melvin C. Wagner, also of Amarillo, was technician, fourth grade at the time of his discharge August 13 at Fort Sam Houston. He was in service a year and one-half, with duty in the Asiatic-Pacific area.

Bradford Black, Lieutenant, J. G. in the United States Navy, was released from active duty July 13 at Camp Wallace, Texas. Lt. Black served over three years in service, with overseas duty in the Asiatic-Pacific area.

Photographic Exhibit Will Show at Museum

The Texas Centenary Photographic Exhibition will be on display in the Panhandle-Plains Historical Museum for two weeks, beginning September 7. The collection of photographs were made available for the Museum by the Library of Congress. Following their showing at the Museum, they will be shipped to the Hall of State, Dallas, for a two-weeks showing there.

The patrons of art and photography are cordially invited to visit the Panhandle - Plains Historical Museum and see this fine collection of seventy-three photographs. According to Dr. L. F. Shelly, Executive Secretary of the Panhandle-Plains Historical Society, this collection is of unusual interest to Texans and to students of photography, and many visitors are anticipated during the brief showing of the collection.

Hospital News

Dovie Ann Phillips, tonsillectomy. Jack Metcalf, tonsillectomy. Mrs. A. G. Bentley, surgical. Jimmy Slade, medical. Mrs. C. E. Hayes, surgical. Mrs. W. D. Pruitt, tonsillectomy. Mrs. Reta Roberts, medical. A. C. Morris, Medical. Mrs. W. Padgett, medical. Mrs. Florence Carson, medical.

Lynn Ford Fite Is Student Osteopathy

Lynn Ford Fite will leave Saturday to enter the Osteopathic Hospital in Kirksville, Missouri. For two years, he has been in school in the University of Texas, and now he will enter Pre-Med School in Missouri.

His older brother, Dr. James E. Fite, is now a surgeon and osteopath in the Amarillo Osteopathic Hospital.

Sunday visitors in the home of Mr. and Mrs. W. B. Miller were Mr. and Mrs. J. A. Stewart, Ralph and Hugh Stewart all of Pampa, and Mrs. Johnnie Stewart Line and Sherry of Rangely, Colorado.

N. E. Root and daughter, Mrs. H. P. McQuilkin, of Sparland, Ill., are here for a short visit. Mr. Root will visit in Kansas for a short time while his daughter will return to Illinois.

Mrs. Hud Prichard and daughter, Diana, and Mrs. Charles Harter are visiting at the Capt. A. H. Prichard home in Norfolk, Va. They were accompanied by A. Ernest Brown.

Mr. and Mrs. Lige Frieze returned Saturday from a vacation in Tucson, Arizona. Mrs. R. N. Barnett of Tucson returned with them for a short visit here.

Rev. and Mrs. Robert W. Jones and family left Tuesday where they will spend a ten-day vacation in the Ozark Mountains of Arkansas.

Mrs. Bill Patke of Amarillo is reported to be improving. Mrs. Patke was seriously ill last week, and was rushed to an Amarillo Hospital.

Mr. and Mrs. Aquilla Maloney and daughter, Bernice, from Vernon, spent the week-end with the A. D. Prater family.

Mr. and Mrs. Ben Knust, and Mr. and Mrs. Joe Pruscha from Dodge, Nebraska are visiting the John Batenhurst family.

Miss Dorothy Nell Henderson of Greenville, North Carolina, is here visiting her aunt, Mrs. Clarence Thompson.

Mr. and Mrs. W. B. Walker returned this week after a vacation in Oregon and California.

Palo Duro Is Saved Again For The Year

The Palo Duro State Park is saved again!

This time it is "saved" until the legislature has a chance to look over the proposition. The Texas State Parks Board will ask the legislature for an appropriation to clear the land.

The history of the Palo Duro is this: When the Kansas City Trust Company offered to reduce the debt against the park to \$300,000 at the rate of 3% interest, the Parks Board referred the matter to the Attorney General. The Board received a favorable opinion, stating that the Board had the authority to close the deal. But the Board held no further meeting and did not act upon the proposition. When it became evident that the time would elapse to take steps to foreclose, the lien holders again posted notices that the land would be sold in September. The Board then got busy and met Friday. Lien holders renewed the proposal to cut the debt and the rate of interest, provided the Board acted immediately. This was done Friday, and an extension of one year was acted upon. If the legislature does not act upon the proposal in the regular session in January, the whole matter will have to be thrashed out again.

The important office of Lieutenant Governor will be a choice between Senator Allan Shivers and Boyce House. The race has developed considerable interest throughout the state. J. E. McDonald is running for reelection as Commissioner of Agriculture. The Democratic State Committee is backing a man by a similar name, R. E. McDonald, who is unknown to the average voter. Judge Tom L. Beauchamp of the Court of Criminal Appeals is faced by Jesse Owens in this race. There is only one local race in Randall county. For Commissioner of Precinct No. 1, L. S. (Slim) Johnston led in a three-man contest in the July primary, with G. B. Heath, present Commissioner, a second. This race will bring out a big vote in Canyon. All voting boxes in Randall county will hold elections with a full staff. It is hoped that every qualified voter in Randall county will take the time to go to the polls and vote next Saturday.

Herschel Coffee is judge of the election in Precinct No. 1. The election will be held at the City Hall where there is ample room to take care of the voters.

The News will gather the returns from Randall county and post them at the News office. Bulletins from the state will be received. It is hoped that full returns from Randall county will be received early Saturday evening, because of the short ballot.

A list of the candidates whose names appear on the primary ballot appears in this issue of the News.

The coach states that complete arrangements for housing and meals for the new camp have not been concluded yet, but that full details of the camp site, date of departure, personal requirements of the boys and other items pertinent to the trip will be announced very shortly.

This is the first time in several years that the Canyon High School boys have had an opportunity to participate in an out-of-town football training camp, and this has met an enthusiastic approval of the boys, who have already expressed their appreciation to Coach Wheelock for his efforts in providing for them this new feature in their football program for this coming year.

W. L. Vaughan and daughter, Frances, returned Saturday from a two weeks' visit with relatives at Chickasha, Okla. Mrs. Vaughan has been staying with her sister there for some time, but will return home in about two weeks.

Mr. and Mrs. Roy Cofer and sons, Kenneth and Ray, and Billy Harrison, vacationed in Colorado Springs. They visited Mrs. Cofer's brother and family, Mr. and Mrs. W. L. Weller in Canon City, Colo.

Mr. and Mrs. F. D. C. Middleton, Mrs. Willard Middleton and children from Happy, and Miss Mildred Middleton from Lubbock visited Mr. and Mrs. Robert Black and children at Mangum, Oklahoma.

Kenneth Cofer returned to Pasadena, Texas, after spending a two weeks' vacation with his parents, Mr. and Mrs. Roy Cofer.

G. L. Blackwell of Albuquerque is visiting here with Miss Georgia Holt.

Texas Voters Will Go to the Polls Saturday to Select a Group of Officers for 2 Years

Voters of Texas will select their Governor for the coming two years on Saturday. The campaign between Beauford Jester and Dr. Homer P. Rainey has developed into one of the bitterest fought in many years, according to political observers down state. In the Panhandle, the election is not creating much excitement. If this condition prevails all over the state, while Jester was an easy leader in the first primary and is considered a sure winner next Saturday, there might be a slip up if too many of Jester's friends stay away from the polls.

The important office of Lieutenant Governor will be a choice between Senator Allan Shivers and Boyce House. The race has developed considerable interest throughout the state.

J. E. McDonald is running for reelection as Commissioner of Agriculture. The Democratic State Committee is backing a man by a similar name, R. E. McDonald, who is unknown to the average voter. Judge Tom L. Beauchamp of the Court of Criminal Appeals is faced by Jesse Owens in this race.

There is only one local race in Randall county. For Commissioner of Precinct No. 1, L. S. (Slim) Johnston led in a three-man contest in the July primary, with G. B. Heath, present Commissioner, a second. This race will bring out a big vote in Canyon.

All voting boxes in Randall county will hold elections with a full staff. It is hoped that every qualified voter in Randall county will take the time to go to the polls and vote next Saturday.

Herschel Coffee is judge of the election in Precinct No. 1. The election will be held at the City Hall where there is ample room to take care of the voters.

The News will gather the returns from Randall county and post them at the News office. Bulletins from the state will be received. It is hoped that full returns from Randall county will be received early Saturday evening, because of the short ballot.

A list of the candidates whose names appear on the primary ballot appears in this issue of the News.

Dairymen To Hold Annual Picnic

The Randall County Dairymen's Association will hold a picnic at the Club grounds, Friday, August 30. Everyone is invited to attend. Just bring a basket lunch.

W. C. T. U. MEETING

The Women's Christian Temperance Union will meet at eight o'clock Thursday evening, August 29. The meeting will be at the Methodist church. All members are urged to attend, and those who want to become a member are likewise invited to the meeting. A suitable program is being planned for the occasion.

C. O. Croson has returned to New London, where he will teach band and manual training in the high school there. He has been in school here this summer, and has been in the home of his mother, Mrs. N. A. Croson.

Mrs. Felix Pierce returned Thursday from Boulder where she went after her daughter, Frances Alice, who has been attending summer school. They left Saturday for St. Louis to visit at the home of her brother.

Sam D. Burton of Los Angeles is here for a few days visiting at the home of his mother, Mrs. S. D. Burton.

Joe Beckman of the Umbarger community is in an Amarillo hospital for medical treatment.

NOBODY CAN DO THIS FOR YOU!

Red Cross Gets Office Furniture Through Surplus

The Home Service Office of the American Red Cross Chapter of Randall County will now be equipped with its own furniture. Office equipment necessary for that office has been received.

The Area Office of the Red Cross requested the Chapter to list last December office equipment needed, as surplus equipment would be given to permanent Chapters, when nearby army camps closed.

This week, the Chapter received a gift from the American Red Cross, Amarillo Army Air Field, a stationery cabinet, an office desk, a swivel chair, 3 rugs, 2 arm chairs, 3 lamps, 1 table, and various small articles such as files, letter trays, and scissors.

Another Letter of Appreciation From Poland

Another letter has been received in Canyon as a result of placing a note in some of the clothing the American Red Cross collected.

Miss M. Moss Richardson received one this week from Poland in appreciation of some gloves she sent. Respectable Lady:

The gloves with a note for whom we thank, we got yesterday. I am glad of it that I will have known's in America. My name is Janusz Kotlorozky. I am fifteen years old. I go to the fourth class of gymnasium but I learned English just one year, and therefore I make many mistakes.

My father have been professor of gymnasium. He killed in the Camp _____, Germany in 1940 year. My mother is school teacher. Such is a short history of my life from time war's. I will very thankful for the second letter.

With great reverence,
Janusz Kotlorozky.
Poland, Washwire, 1 August, 1946, year.

Cowpunchers To Hold Reunion This Week

Old time cowpunchers of the Panhandle are meeting in Amarillo Wednesday and Thursday of this week.

The organization was started 20 years ago as the T-Anchor Cowpunchers. It was enlarged several years ago to include men who had served on the ranges all over the Plains. When the organization became too large for Wragge Park, it was moved to the Tri-State Fair Grounds in Amarillo.

Ceiling Prices Are Clamped Back on Meat Supply

OPA and the black market will be back with us starting Friday.

The Decontrol Board announced Tuesday night that meat would come under OPA; and all meat handlers immediately announced this meant a revival of black market operations. Subsidies will be restored with the view of bringing the meat prices back to the June 30 levels.

Neffs Write of New Omaha Home

The Felix Neff family, now residents of Omaha, Nebraska, wrote an interesting letter when they sent their subscription to the News. Mrs. Neff writes:

"We are about to start in on our second school year here in Omaha. Earl Lock will enter into his second year of pre-med work at Creighton University. He is still very much interested in a medical career, but, come January 7, when he will be 19, Uncle Sam will have other things for him to do.

"Sue Lane will go into the 7th grade at Dundee School. Felix will stay on the job and I am always able to find plenty to do.

"Here is my subscription to my hometown paper. I don't want to miss any of the copies as it serves as one of the strongest ties we have to the place and state we love."

Mrs. Gladdis Samples was in Dallas and Greenville for the week end. She bought Christmas goods for Warwick's in Dallas and visited with her daughter, Mrs. Paul Aldridge, and grandson, Gary, in Greenville. Mrs. Samples was accompanied by her son, Billy.

Editorials

The second primary comes next Saturday, August 24. We think that we have said enough to show the readers how we stand on the governor's race. Rainey is a changed man. During the first campaign he refused to be drawn into controversies. But during this campaign he is using every political weapon at his command to fight Jester. His vote in the first primary was very disappointing to him. He uses those terrible words: "Big business," "oil," "foreign corporations," and a lot of hokey in order to divert the attention of the voters away from his own weakness. All that the voter needs to do is to look at the record of the two candidates, and their accomplishments. Jester has been successful, a good leader, able to get along with his fellow workers; while Rainey has caused dissension, and made trouble wherever he has worked. Judging from the past we can expect no different attitude in the future. We think Jester is head and shoulders above this so-called big educator, who has proved himself such a poor leader.

Senator Bob La Follette was defeated in the Wisconsin primary. After running as Progressive for many years he switched to the Republican party. He had become as much of an isolationist and a reactionary as most of the old time Republican chiefs. The Democrats claim that they can whip the new Republican nominee in November. That remains to be seen. At any rate, we recall young Bob when he was a boy and we were in college. He had a wonderful political training under his father, fighting Old Bob, who went down the line as a Progressive with Teddy Roosevelt. Young Bob travelled with Old Bob to lecture trips, and knew his father's speeches so well that he always had the right reference document out of the big trunkful of books ready and opened at the right page when Old Bob was ready to drive home a point. Not many boys had the opportunities of young Bob. He took advantage of all of them, and stayed longer in the Senate than his distinguished father. As we have often said, the administration in Washington needs intelligent opposition leadership. While Senator Bob was usually to be numbered with the progressive ideas advocated under Democratic leadership, he was not afraid to take a stand in opposition to the administration. We regret that Senator Bob is out of the running. But we expect him to come back. He is too politically minded to stay out of the running for long.

A supposedly intelligent man said the other day that boom conditions would continue in the nation; that high bank deposits would continue; that labor prices would never come down; that merchandise would always remain at the present high peak. We think that such talk is pure rot. Take bank deposits for instance. Every bank in the nation is bursting with money, the largest amount of deposits in the history of the nation. This money belongs to the people. But is that money going to stay in the banks? Take Canyon, for instance. Bank deposits are nearly four million. Why? Simply because people could not buy the things they needed during the war, and conditions have not changed much since the war ended. Our farmers never had so much money in their lives. But what are they going to do with that money? They are going to buy new cars; new trucks, new farm machinery as soon as these become available. Furthermore, their homes need furniture, and new equipment. Every farmer in Randall county is looking to the day when he can have rural electrification, and as good telephone service as enjoyed in Canyon. Every farmer is entitled to this. All of these take money. But the farmers have the money, waiting for that day. They have largely paid off their farm mortgages, and are only waiting until they can buy useful things which make life more pleasant. Only the very, very unwise will say that all of this money can be spent, and still maintain the present high bank deposits. We only use bank deposits to indicate how things are going to go in the future. Our great industrial machine will meet all of the demands of the local markets in a few years. We can ship nothing abroad at prevailing high prices. Nations outside of America are broke, and will

not pay our high prices. Why kid ourselves? Better get ready for the blow-up when the blow-up comes.

We thought that America had pretty much of a headache because of the great mass of un-Americanized immigrants which had come into our nation in the past. But President Truman has advocated that we let down the bars and allow misplaced persons of all breeds to come in. Of course this country could take care of many more persons. There is no danger of overcrowding, if the immigrants can be induced to come to the West and Southwest. But the trouble is that most of them will flock to the congested sections and the industrial East to cause more trouble. We believe that Congress will consider this problem for a long time before many of the so-called sub-normal races are allowed to come in unrestricted as much as the needs of Europe may be to reduce its population. There are still vast territories of South America and Africa which need more people.

It was pointed out in this paper, and on practically every editorial page in the nation that wage boosts, as advocated by CIO simply meant another boost in living expenses, which will cause the demand for another wage boost. Right now CIO is demanding that wages in the auto industry be boosted again, after car prices had been raised by OPA to meet the increased demands of wages. Thus the vicious circle goes on, leading to inflation and the depression which always follows. Wages are boosted; living costs boosted; wages boosted; living costs boosted; wages boosted; living costs boosted; and on and on until the crash comes. Those who think that a crash will not come are simply kidding themselves.

Of all things: The Republicans staged a fist-fight while trying to select a candidate for Governor of Texas. That sounds extremely foolish to be sure. But the Republicans of Texas expect that their party will win control of the House in Congress in November, and elect a President in 1948. This being the case the candidate for Governor in 1946 would have much to say about patronage in Texas. The fight was not over the empty and questionable honor of being a candidate for Governor, but to control patronage in the future—if Republican hopes prove true.

We have great action on the political front: Sellers comes out for Jester—Sadler for Rainey; Dan

Moody for Jester—Allred for Rainey; Mrs. Miriam Ferguson for Jester—Mrs. I. D. Childfield for Rainey. In fact every past governor of Texas, and most of the defeated candidates in the July primary have turned to Jester. But we do not expect any of them to influence many persons in their votes. The voters of Texas are pretty independent, and are not likely to be herded up and voted as a mass.

We hope that the Chamber of Commerce will appoint an aggressive advertising committee which will pass on these gyp schemes which will be presented to the merchants of Canyon. The town was "worked" again the other day. We do not know how much money was taken out, but probably ten times as much as the books which were sold should have cost. Besides this, the schools do not use the books which were "sold" to the local merchants.

From our corner it looks like Russia was doing everything she should to impede peace. Russia is "feeling her oats" as a world power, and is trying it out. Maybe things will work out better than we have been anticipating.

JUSTICE FOR ALL

There are alarming similarities between the current deliberations over peace treaties and the Versailles agreement which followed World War I—and did so much to sow the seeds of World War II.

Again, the great powers are fighting for spheres of influence. Again, the dark shadows of "balance of power" politics hangs over the meetings. Again, the work of the delegates is hampered by secret commitments made during the war. This has been an especially difficult problem for Mr. Byrnes. And again, many of the smaller powers are living in fear of being sold out by the Big Four. The vehement protests registered by Dr. Evatt of Australia are an indication of this.

What seems to have been largely lost is that conception of "One World" which was so brilliantly argued by Wendell Willkie and which, in all its essentials, was once supposed to be the guiding policy of all the Allies. It was a conception based solidly and practically upon the conditions of the times. Today, space is of small importance to a nation's security—a bombing plane can fly anywhere in the world in a matter of hours, and a stratosphere missile can do it in minutes. A fragile peace, based upon force and fear, will be only a breathing space between the last war and the next.

The tremendous problem before the world is to establish a peace which will be fair to all nations, which will respect the rights of all nations, and which will make it possible for all nations to live together in the world without need of

resort to arms. That kind of peace cannot come from deals between the great powers which use the small powers as trading material. It can only be built upon the sound foundation of justice to all.

LABOR AND GOVERNMENT

Thoughtful leaders of labor should be getting definitely concerned over the Federal government's increasing dominance in labor relations thru-out all major industry.

Collective bargaining as we used to know it—which meant that representatives of labor and management met, threshed out their difficulties, appointed mutually agreeable umpires and arbitrators, and reached a fair and reasonable agreement—is practically a thing of the past. Now, when an important labor dispute occurs, all the power of government is eventually used to force a settlement. If the strike lasts long enough, the government formally takes over the industry on the theory that no one can strike against it.

Short-sighted labor leaders may favor this, in the belief that it makes possible larger immediate gains for them. In the coal strike, to take a typical example, the owners and operators had almost nothing to say when the showdown came. The government arbitrators simply adopted a formula satisfactory to the unions, and management could do nothing but accept it.

In the long run, however, this sort of thing is going to cost labor a great deal more than it can gain. For government dominated labor—like government dominated industry—can not long remain free. It becomes the creature of the state. It is used for the purpose of the state. Hitler's Germany shows what eventually happens. Hitler came into power backed by many labor groups—and it was Hitler who destroyed organized labor in Germany completely.

If we accept super, all power government, we must be prepared to accept dictatorship. We must run the risk of slowly losing our greatest liberties. And when that happens we will simply go the way Europe has gone.

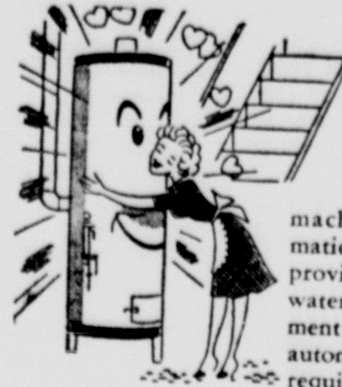

Help Keep Canyon Clean!

YOU'LL HAVE

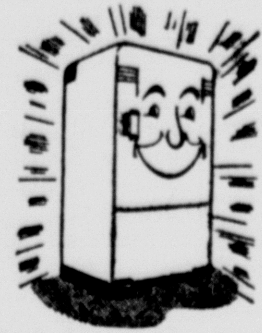

all the hot water you want

IN YOUR

NEW FREEDOM **GAS** KITCHEN

In the laundry—at last, you'll be able to get the most out of one of the new "do-everything" washing machines. For your automatic GAS water heater provides the abundant hot water... and quick replacement of supply... every automatic clothes washer requires.

In the kitchen—dish washing will be a cinch! Thanks to an automatic GAS water heater you will now have all the hot water you need... yes! even enough to run a modern, automatic dish washer.

In the bath—there'll be enough hot water for long "soaks" and showers by the hour... even on wash day. Yet, with all its luxuries—your GAS water heater costs surprisingly little to run!

That's not all! Your New Freedom GAS Kitchen boasts two other indispensable time and work savers... an automatically controlled cooking marvel, the new GAS range built to CP standards... and a roomy, economical and silent new GAS refrigerator.

Kilgore-Crosslin Wedding Thursday at Wichita Falls

In a beautiful twilight ceremony performed at the Lamar Avenue Baptist Church in Wichita Falls Thursday evening, August 15, at 8 o'clock, Miss Joy Crosslin of Wichita Falls became the bride of Robert H. Kilgore of Canyon.

Rev. Alfred Grigsby, pastor of the First Baptist Church of Henrietta, was the officiating minister. The vows were exchanged before a background of ferns and garlands of greenery decorated with baskets of white gladiolus flanking the altar.

The prenuptial music was furnished by Mrs. C. W. Norwood, pianist, who played the traditional processional and recessional and "Clair de Lune" in a muted interpretation during the ceremony. Mrs. Norwood also accompanied Dexter Riddle, soloist, as he sang "Thine Alone."

The bride was attended by her sister, Mrs. Alfred Lee Egerton, of Electra, as matron of honor. She wore a costume of aqua net, fashioned with a gathered skirt, basque waist, with pleated yoke and short puffed sleeves. She wore an aqua net halo on her head and carried a bouquet of pink amaryllis.

The groom was attended by Herbert H. McBee, Jr., of Wichita Falls, as best man, and groomsmen Kenneth Oglesby and Bob Thompson.

both of Wichita Falls.

The bride was lovely in a gown of white embroidered organdy fashioned with a bouffant skirt, shirred waist, with net yoke, and long sleeves extending to points over the hands. The sleeves were outlined with net ruffles at the hand. Her fingertip veil was attached to a wreath of white rosebuds intermingled with white net ruffles. She carried an orchid on a white Bible. The bride wore a cameo pin, an heirloom contributed by Mrs. J. H. Butler, and also she wore a sixpence in her right shoe.

Immediately following the wedding, the couple was honored with a reception given at the home of the bride's parents. The reception rooms were decorated in pink and white floral arrangements. Members of the houseparty included Mrs. Richard L. Williams who presided at the bride's book, Clo Sparks of Austin, at the bride's cake and Mrs. Thomas B. Weaver and Faye Hamilton of Weatherford, assisting with duties of serving.

The bride is a graduate of Wichita Falls High School and attended Mary Hardin-Baylor College at Belton. The groom is a graduate of Wichita Falls High School and attended Hardin Junior College before entering West Texas State College in Canyon. He is now the director of music and a student worker in the First Baptist Church in Canyon.

Following the reception the couple departed on a short wedding trip to points in Oklahoma and will return to Canyon to establish their home.

CRABLE-HAYDON VOWS ARE READ IN THOMPSON HOME

Miss Helen Louise Crable, daughter of Mr. and Mrs. C. E. Crable of Plainview, became the bride of Bob E. Haydon, son of Mr. and Mrs. J. S. Haydon of Plainview, Sunday, August 18. Vows were read in the home of the bridegroom's sister, Mrs. W. M. Thompson.

Lyle Bonner, minister of the Church of Christ in Canyon, performed the ceremony, in front of the black glass fireplace in the Thompson home. Baskets of summer cut flowers in the chosen colors of blue and yellow formed the decorations.

Mrs. Ethel Pearl Hall and Raymond Gibson were the couple's only attendants.

Out-of-town guests for the wedding besides the parents of the couple included Mr. and Mrs. Raymond Gibson and son of Plainview, and Burum Chapman of Plainview.

After a short wedding trip to Carlsbad, New Mexico, the couple will be at home in Plainview.

BAPTIST CIRCLE MEETS WITH MRS. PAYTON

The Rose Walker Circle met with Mrs. J. I. Payton last Tuesday, Aug. 13, for a covered dish luncheon.

In the afternoon, at the Circle meeting, scripture was read by Mrs. J. T. Burnett, and prayers were given by Mrs. J. D. Key and Mrs. Minnie Laughery. A collection was taken for Wayland College.

Attending were Mesdames J. D. Key, J. C. Dowd, J. T. Burnett, E. B. Anthony, Minnie Laughery, M. E. Sargee, W. H. Sparks, Charles Stratton, T. T. Fain.

Mrs. J. C. Dowd was hostess to the Circle Tuesday, August 20 with a covered dish luncheon.

CHRISTINE MOBLEY HONORED WITH BIRTHDAY PARTY

On Wednesday, August 14, Mrs. Rhone Mobley honored her daughter, Christine, with a birthday party.

The girls played games during the afternoon. Special guest of Christine's was her grandmother, Mrs. H. L. Hines of Amarillo, whose birthday is on the same day.

Refreshments of sandwiches, punch, ice cream, and cake were served to Misses Jeanette Anglin from Dallas, and Houstene Prichard, Ara Beth Prichard, Lura Nell Prichard, Frances McCoy, and Sarah Jane Colwell.

Dining Out?

It's fun for the entire family to "eat out" once in awhile. Those who have tried it always enjoy getting away from home for a few meals a week.

Carl's Cafe cordially invites you to dine with them upon these occasions.

Here you will find good food; friendly and efficient service; and most reasonable prices.

All of the family will enjoy such a treat.

When you dine at Carl's you have the benefit of a cafe new and complete in every respect. You will enjoy this treat.

CARL'S CAFE

Mrs. Rogers Has 55 Relatives and Friends as Guests

Fifty-five friends and relatives enjoyed a dinner in the home of Mrs. W. M. Rogers Sunday. The dinner was given in honor of Mr. and Mrs. Henry Schillings and two sons of Madera, California.

Attending the dinner were: Mr. and Mrs. Roy McCoy, Tulsa; Mr. and Mrs. H. R. Franklin and family, Panhandle; Mr. and Mrs. Joe Rogers, Wayside; Mr. and Mrs. Red Wilson and family, Wayside; Mr. and Mrs. Frank Rogers and Joyce, Happy; Mrs. Harry Folk, Vega; Mr. and Mrs. J. A. McFarland, Texola, Okla.; W. H. Hamblen; Mr. and Mrs. Mack Rogers and boys; Mrs. R. B. McCoy and children; Mr. and Mrs. Carl Rogers and sons; Archie Dean Davis; Mr. and Mrs. R. E. Rogers and family; Mr. and Mrs. R. L. Rogers and Burl; Mr. and Mrs. Logan Berends; Mr. and Mrs. Gus Wesley and baby; Leroy Wesley; Miss Gay Nell Sharp; Mrs. Maud Arnold; all of Canyon, the honorees, and the hostess.

Former Citizen of Canyon Visited Old Friends for a Day

Mrs. Henry Lewis of Uvalde spent a day in Canyon last week trying to locate old landmarks which might be familiar to her. Mrs. Lewis was the former Jewell Farr, and the family left here in 1908. She has not been back since.

Her first mission was to locate the grave of an uncle in Dreamland Cemetery. The grave is near the entrance, and has a tall tombstone, with the name "Farr" engraved. Her uncle was a favorite of the family, and an outstanding citizen of Canyon.

Mrs. Lewis' father was in business with the late J. C. Pipkin. The firm name of Pipkin & Farr was familiar to all citizens in the early days of Canyon.

Mr. Lewis accompanied his wife on the trip, although he had never lived in Canyon. He is a neighbor of John Nance Garner and believes that the nation would be much better off if a hard headed, practical business man like Mr. Garner were at the nation's helm in these hours of difficulties.

Mrs. Lewis recalled the names of many of the old timers, asked about them, and visited with as many as she had time during the day spent here.

Mayor Roger D. Lapham of San Francisco signed a petition asking for his own recall from office.

News In Canyon 25 Years Ago

(Taken from the files of the
Randall County News of
August 25, 1921)

L. B. Jones of Dalhart traded for Huntleigh (now Randall) Hall. Mrs. Turner, who built the hall has operated it for several years.

Cecil Smith, son of Mr. and Mrs. A. M. Smith, died of blood poisoning. Electric service from 5 a. m. to 8 a. m. is announced by A. J. Arnold.

The saddle and blanket was stolen from C. O. Edwards' horse as it was tied to the east side of the square.

A son was born to Mr. and Mrs. Arthur Nickelson.

25 prospective football players reported at the training camp for the normal, states D. A. Shirley.

F. W. Dunaway and Miss Allie Merle Wilson were married.

The legislature reduced salaries of all teachers in the educational institutions of the state 20% for all sums above \$2,000 per year.

Sample Ballot

I am a Democrat and pledge myself to support the nominee of this primary:

For Governor:

Beauford Jester, Navarro County

Homer P. Rainey, Travis County

For Lieutenant Governor:

Boyce House, Tarrant County

Allan Shivers, Jefferson County

For Commissioner of Agriculture:

J. E. McDonald, Ellis County

R. E. McDonald, Travis County

For Judge of Court Criminal

Appeals:

Jesse Owens, Willbarger County

Tom L. Beauchamp, Smith County

For County Commissioner, Precinct

No. 1:

G. B. Heath

L. S. (Slim) Johnston

We would suggest that one thing that may be wrong with Congress is that the Slaughter Committee is working on surplus property disposal instead of the meat shortage.

OUR DEMOCRACY—by Met

RESERVOIRS FOR GROWTH

WHEN GATHERED INTO RESERVOIRS, RAIN, LITTLE STREAMS AND SMALL BROOKS BECOME GREAT RESERVES OF WATER FOR IRRIGATION THAT NOT ONLY IMPROVE THE CROPS AND FARM LAND OF THE INDIVIDUAL, BUT BY TURNING WASTELAND INTO RICH AND FERTILE SOIL, ADD TO THE PRODUCTIVITY AND WEALTH OF THE NATION.

WHEN SET ASIDE REGULARLY IN U.S. SAVINGS BONDS, LIFE INSURANCE AND SAVINGS, SMALL AMOUNTS OF MONEY BUILD INTO RESERVES THAT NOT ONLY PROVIDE FUTURE SECURITY FOR THE INDIVIDUAL—BUT, CHANNELLED INTO CONSTRUCTIVE USES, ADD TO THE ECONOMIC STRENGTH AND PRODUCTIVITY OF OUR DEMOCRACY.

BOYCE HOUSE

Washington Irving's classic of Ichabod Crane and the Headless Horseman of Sleepy Hollow has a counterpart in Texas lore—a story equally as fantastic in many ways as that which came from the pen of Rip Van Winkle's creator.

About 1850, Texas was overrun with rustlers and marauders, and among the most infamous of these characters was a man named Vidal who had deserted the army of Mexico and had become one of the most feared horse thieves in the border country.

A small man, shrewd and observant, he collected a band of thieves unequalled in the "profession," and with local branches strung out along the Rio Grande, he reaped a good profit in the "horse trade"—at the same time making it appear that Indians were responsible for some of his own deviltry.

One summer, he and several of his gang made a raid along the San Antonio river, with enormous losses to the settlers. He struck at a time when most of the men were away pursuing Comanches, but it so happened that two men were at home, and they immediately gave chase.

The story goes that, before reaching the Nueces, they met up with the famous frontiersman, Big Foot Wallace, who joined them in the pursuit. One evening, the three men, about sundown, located the camp of the horse thieves and, staying under cover, kept a close watch on their quarry. They saw that the band put out but one man as guard for the horses and that the other three rolled up in blankets.

When they were reasonably certain that the desperadoes were asleep, the pursuers decided to attack. One shot the man guarding the herd, while the other two sprang upon the sleeping men. The skirmish was over in short order. The horse guard, though apparently badly wounded, escaped but the three in the camp were killed outright.

Upon examination of the bodies, it was discovered that one of them was the leader, and the legend goes that one of the avengers conceived the idea of beheading him, mounting him on his own horse—a fine stallion—and, after tying the man to the saddle, let the horse loose. This was done and, as the horse was freed, it galloped off like a streak in a cloud of dust.

Soon afterward, stories began cir-

culating—even faster than the beautiful horse and its gruesome load could travel. Soldiers, scouts, Indians and other travelers told of seeing a man without a head, mounted on a superb stallion, galloping around the country and frightening the settlers half to death.

It was said that after several weeks the horse was finally killed at a watering place where it had gone to quench its thirst, and that the headless rider was still sitting in the saddle where he had been tied.

Historians Take a Look at Texas Longhorns at Ashtola

David M. Warren, editor of the Panhandle Herald and Vice President of the Panhandle-Plains Historical Society, was in a group which looked at Texas Longhorns recently. He talked of the trip as follows:

The other afternoon the Herald editor was pleased to join a party to look at a group of six longhorn steers on the S. J. Cattle Co. ranch a few miles north of Ashtola.

The Herald editor met the following at Amarillo: Dr. L. F. Sheffy, secretary of the Panhandle-Plains Historical Society, and Boone McClure, curator of the Society, Canyon; O. H. Finch, pioneer Dalhart rancher; J. Evetts Haley, Canyon, distinguished Texas author, and J. Blake Timmons, Amarillo, nominee for representative from the 123rd district.

Driving to Ashtola, we were met there by Harold D. Bugbee, Clarendon artist and first vice president of the Historical Society, who escorted us to the ranch. There we were greeted by Millard Word, foreman, who is a son of the late Judge C. T. Word, noted pioneer rancher.

Sid Richardson of Fort Worth and Howell Smith of Wichita Falls own the ranch. These Longhorns, probably about 15 years old, were shipped to the ranch from St. Joseph's Island, near Rockport, Texas. They have been at the ranch about four years.

The longhorns were so fat that it was difficult to associate them with the lean animals remembered in history. The owners have given the Historical Society a longhorn and it is planned to buy a second one. Eventually, it is desired to mount the two animals full size, one standing up and the other lying down.

Riding in the car with Harold Bugbee, it was a pleasure to watch him sketch a longhorn, which fortunately stood for sometime facing the car. Then, a group of four longhorns drifted along a fence toward lower ground and Bugbee sketched them.

The Herald editor could think of nothing that would be more in-

teresting than for an exhibit of these six longhorns at the Tri-State Fair in Amarillo this fall.

The afternoon was warm, but the fellowship with these persons so much interested in the preservation of Panhandle-Plains history made the time pass too quickly.

People wouldn't brag so much about their ancestors if they'd just remember that the older the seed the poorer the crop.

"A good politician must also be an acrobat."

"How do you figure that?"

"Ever try straddling a fence, keeping your finger on the pulse of the nation, pointing with pride, and looking to the future while keeping both ears to the ground?"

Some of the radio announcers should be called mastoids of ceremonies, they are such pains in the ear.

Nature's Forces Hold the Rings Around Saturn...

and OIL-PLATE Your Engine!

NO one knows just why Saturn is the only planet to have rings around it. We do know, however, that mighty forces of gravitational attraction hold them there. Through extensive research into the forces of attraction between molecules of liquids and solids, Conoco scientists are able to bring America's motorists the benefits of new and better oils.

Using the force of molecular attraction (basic force that holds things together), a special ingredient in Conoco Nth motor oil is attracted to working surfaces of your engine. In fact, so strong is this attraction that cylinder walls are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs . . . prevents it from all draining down to

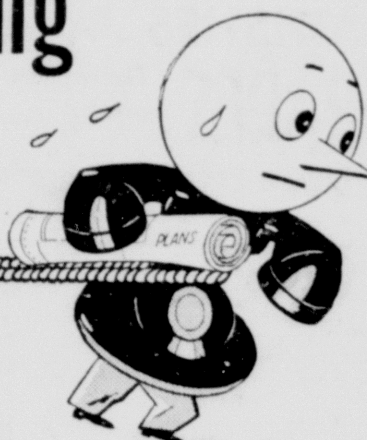

the crankcase, even overnight . . . you get these benefits:

added protection during the vital periods when you first start your engine
added protection from corrosive action when your engine is not in use
added protection from wear that leads to fouling sludge and carbon
added smooth, silent miles

That's why you'd be safer to OIL-PLATE your engine now . . . at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

Shortages are holding him back...

We in the Bell System were adding telephones at the rate of three million a year until shortages started getting worse. Now it's harder and harder for us to get materials for manufacturing and building.

We aren't complaining for we are in the same boat as everyone else. But we thought you might like to know the supply situation on some of the biggest items in the telephone business.

LEAD—There is a world shortage of it. Even when conditions here straighten out, it will be some time before adequate supplies are available.

COPPER—It is in great demand but we shall probably have adequate supplies when the smelting, refining and fabricating plants get going.

TEXTILES—A serious shortage exists in cotton and synthetic yarns and fabrics.

STEEL—Strikes in steel and coal industries have affected the supply in the face of unprecedented demand.

RUBBER—Synthetics are in fair supply, but natural rubber is on government allocation.

LUMBER—It is scarce, due to both unusual demand and dislocation of the lumber trade.

BRASS MILL PRODUCTS—These are used in telephone central office switches and other equipment. Supply will be short until disturbed conditions in the copper industry are settled, permitting brass mills to get back to full-scale production.

It's a tough situation, but we aren't giving up, any more than you have given up trying to get butter or sugar or shirts.

We're doing the best we can with what we've got and hoping these disturbed conditions will end, so that we can really go full speed ahead.

Washington Newsletter

By Congressman Gene Worley

We left for Guam shortly after our return to Kwajalein—a distance of nearly 1600 miles. Nothing of consequence happened on that trip except that our No. 1 engine developed carburetor trouble when we were halfway to Guam and had to be "feathered" which is flight parlance for stopping the engine and turning the propeller thin side into the wind to prevent drag. The loss of one engine reduced our speed from about 185 miles an hour to about 160. In addition, we had the misfortune to hit some rather strong headwinds but arrived in Guam without further mishap. The Island of Guam itself is about 30 miles long with an average width of 8 to 10 miles and is one of the most strategic bases we have in the Pacific. While our plans called for a day there inspecting our military and naval set-up, it took an additional night and part of another day to repair the engine.

The Guam natives were very friendly to us during the war and still are. Nearly all of them opposed the Japanese occupation every way they could from guerilla warfare to sabotage and welcomed the returning American forces with everything they had.

Leaving Guam about dark the

next night, we headed for Nichols Field at Manila. This is also a 1600 mile flight with an estimated time of arrival between 8 and 9 hours. By now, we had gotten used to sleeping on the seats or on the floor or standing up or any other position. No further engine trouble developed but when we hit Manila we encountered another rain storm over the field which was ten times worse than the Kwajalein shower. As a matter of fact, we stayed in the air for an hour and 50 minutes before we were told to land. When we did land, it was in about six inches of water which covered the field. I might add that the pilot who made the landing was Colonel Frank Kurtz who had been in Manila when the Japs were on the move and who was at that time flying one of the few B-17's we had left. You might recall the book "Queens Die Proudly," which is one of the best and most accurate stories written of the early day warfare in the Pacific. Kurtz was one of the principals in that story.

As you will recall, the United States acquired sovereignty over the Philippines as a result of the Treaty of Peace with Spain, December 10, 1898, and obtained such sovereignty and exercised jurisdiction and control over said Islands and people for 48 years. In March of 1934, the Philippine Independence Act was approved by Congress by which we should relinquish sovereignty except for the retention of certain naval

NOBODY CAN DO THIS FOR YOU!

VOTE

SATURDAY AUGUST 24th 1946

and military bases which were deemed necessary for our protection.

It was July 3 at Manila with the Independence Day celebration scheduled for the same day as our own Independence Day July 4. In spite of the fact it was 3 a. m. and in spite of the downpour, we were met by Commissioner Paul McNutt who has spent many years in the Islands. Driving through the darkness into downtown Manila, we could see the shambles left of many buildings by the Japanese when our forces returned. As you will recall, MacArthur had declared Manila an open city when our forces retired to Bataan and Corregidor but the Japanese had elected to fight it out in the return engagement. Consequently, most of Manila was badly shot up. In the Manila hotel for example, our forces had to eliminate the Japs from floor to floor and room to room with the result that bullet holes are still heavily scattered all over the place and one wing virtually demolished. A good part of downtown Manila is in similar state although little or no damage seems to have been done to the residential sections outside the actual city limits. The port facilities are in very bad shape and ships were lying at anchor in the harbor waiting to be unloaded but with few docks to handle them.

Next week: More about the Philippines.

Mrs. H. T. King and children from Fresno, California, is visiting her sister and family, Mr. and Mrs. Edd Weeks.

E. C. Penick, Jr. has been elected to teach Spanish in Louisiana State University at Baton Rouge, La.

Charlie Hutchison left Wednesday for a vacation in California.

Mr. and Mrs. Joe Jennings, Bobby Joe and Eddie Jane of Lorenzo were visitors in the Clyde Davis home, and in the Worth Jennings, Sr. home this week.

Miss Billie Jo Wallen spent the week-end with her sister and her husband, Mr. and Mrs. Donald Schaeffer of Happy.

Mr. and Mrs. Worth Jennings, Jr. and children, and Mr. and Mrs. Clay Cooper and son are vacationing this week in Colorado.

Mr. and Mrs. George Walker of Happy visited their granddaughters in the home of Mrs. Rhea Robbins Sunday.

Miss Juanita Temple from Chil-dress was a week-end visitor of Miss Phyllis White.

Mr. and Mrs. Hosea Foster are on a vacation trip to Red River, New Mexico.

Mr. and Mrs. W. T. Oliver have returned from a vacation in Colorado.

Miss Cheri Klichevite spent the week-end with her parents, Mr. and Mrs. A. W. Harding.

Mrs. M. A. Stephenson and Mrs. Sue Langford of Fort Worth are visiting Mrs. Florence Stephenson.

It cost Teterboro, N. J., taxpayers approximately \$5 for each ballot cast in the municipal election, although all the candidates were unopposed. Teterboro has only 22 registered voters and the town will have to pay five election commissioners \$17.50 and \$17 for a voting machine.

CPA clamps down on hoarding for price rise.

Jowell Items

Mr. and Mrs. Roy Leavitt and J. J. Leavitt spent Sunday in the C. J. Leavitt home near Tulla.

A good crowd attended the watermelon feast at the school house Friday night.

Mrs. C. P. Robertson entertained the young folks with a party last week.

Mr. and Mrs. Tom Gooch are improving their home and will be moved here soon.

Melvin Leavitt spent part of last week in the C. J. Leavitt home.

The H. D. Club meets with Mrs. T. J. Bonds this week.

Strawberry Williams is visiting in the O. M. Scott home.

Mr. and Mrs. Roy Leavitt moved to Dalhart Tuesday.

Billy Scott visited Syl Dietz Friday.

Ray Burns spent last week in the Roy Byrd home.

Mrs. Roy Byrd expects to be home Saturday.

Surveys show that modern students are taller than their fathers. But whose fault is it that fathers are always short?

One of the current mysteries is why so many persons travel when it's well known that things are the same all over.

Production rush in Russia impedes training of technicians.

Camp Shanks, vast Army staging area, ends war career.

"I LOST 52 Lbs.!"

WEAR SIZE 18 AGAIN!

MRS. C. D. WELLS, FT. WORTH

As Pictured Here—

You may lose pounds and have a more slender, graceful figure. No exercise. No drugs. No laxatives. Eat meat, potatoes, gravy, butter.

The experience of Mrs. Wells may or may not be different than yours. Why not try the AYDS Vitamin Candy Plan? Look at these results.

In clinical tests conducted by medical doctors more than 100 persons lost 14 to 15 pounds average in a few weeks with the AYDS Vitamin Candy Reducing Plan.

With this Ayds Plan you don't cut out any meals, starches, potatoes, meats or butter, you simply cut them down. It's simple and easier when you enjoy delicious (Vitamin fortified) AYDS before each meal. Absolutely harmless. 30 days supply of Ayds only \$2.25. If not delighted with results, MONEY BACK on the very first box. Phone

Candidate for Re-election

COUNTY COMMISSIONER

Precinct No. 1

On next Saturday, August 24th, the people of Precinct 1 will elect a commissioner to serve for the next two years, who will work with the other members of the court, but he is elected solely by the voters of Precinct One.

There is no other office in the County so important as that of a County Commissioner. Many counties in Texas have been bankrupted by electing a commissioners court who were not business men. Men who do not have a mind of their own have little place in a commissioners court.

Randall County has had some good business men to serve at different times as commissioners.

You who were here when I took office on my first term know the financial condition of the county at that time. You know it was in very bad condition. You also know that the county is in good financial condition at this time. Please consider the fact that we have gone through a depression and thru a war during these years that I have served you. Yet your county is in good financial condition. I give due credit to the other members of the court with whom I have worked for their part in bringing this about.

When I took office on my first term, the county had but very little to work with and what they did have was old and worn out. Each precinct has a fair amount of machinery at this time, and some of the machinery in Precinct One is new.

Friends, I have tried to give you a clean cut business administration. You, the voters of the precinct, have been my boss. Most of you have been very nice to me, I appreciate this very much. I have studied my work in the court house and on the outside. I have given more of my time to the county's business than any commissioner that I know of in Texas. I have realized at all times that I was your servant. I have tried to please all people; this cannot be done, yet I have tried. You have called on me many times, and I have never failed to respond. My record as your commissioner is an open book; the record speaks for it.

self. I will discuss with any one or before all the people of the precinct any act that I have done regarding the county's business. I have not been afraid to make a decision. I have used my head and no individual has used it for me. I know the work; I like the work; I can give you good service for these next two years.

I have made no campaign promises to any individual more than is in this ad in order to secure their vote. I have placed two ex-service men on the county pay roll this year, and I expect to re-place each man that quits in this precinct with an ex-service man.

I am for Randall County as a whole, but I am not willing to let some other precinct profit at the expense of this precinct. Friends please, please do not be misinformed or misled by the campaign street talk regarding my position on hard surfaced roads in the county. You know that I have done more than any man in the county to get some hard surfaced roads in the county. Please check on where this talk started and who is putting it out. Do not be deceived.

If you want a man to serve you, who has had the experience in the handling of the county's business, who is not afraid to work; who is not afraid to make a decision; who will be on the job every day to look after your county business; one who likes to work with the many people of the precinct; one who will protect you from big corporations that are tax chislers; one who believes in giving every citizen a square deal in the precinct and county, then give me your vote on next Saturday.

I have tried to see as many of you since the July primary as I possibly could and will see many of you before next Saturday, but I will miss many of you. Please take this as a special invitation to vote for me on next Saturday. No one will appreciate your vote more than I will, and no one will try harder than I to give you a clean cut honest business administration. I can do it, I have done it, and I will do it.

Reich Planned Arming in 1920

Long Before Hitler Came To Power Work Began On Rearmament.

NUERNBERG, GERMANY. — Confiscated records of the Krupp dynasty disclosed the secret origin of German rearmament in the supposedly beaten and bankrupt Weimar republic barely a year after the treaty of Versailles had been signed and 13 years before Hitler came to power.

Documents in Allied hands provide evidence that a secret \$48,000,000 loan was made available to Krupp's in 1920 by a man who was reichschancellor and finance minister three years before Hitler marched in his 1923 beer hall putsch.

In 1940, when Germany had beaten France and was poised to invade England, the former chancellor wrote proudly from exile in Switzerland to old gun maker Gustav Krupp von Bohlen und Halbach in his stone palace in the smoke wreathed Ruhr, says the Associated Press.

Shows Partnership.

The letter, signed "Joseph Wirth" and recovered from the Krupp files in Essen, is regarded by Allied investigators as typifying the hidden partnership of industrial magnates and presumably democratic politicians to restore German military might.

"Most honored Herr President," the letter began, "Swiss papers carry the news that you are the first German to be decorated with the war cross of merit, first class, in appreciation of your accomplishments in arming the German wehrmacht."

"I have the honor to state that this fact has been noted down with pleasure in my memoirs and I look with satisfaction to the years 1920-23 when we both . . . laid the new foundations for the development of German armament technique with the help of your great and most important firm."

"I am putting down these lines in order to make a record in my files, in which there is already the letter of Dr. Wiedfeld of 1921 which sets forth that, through my initiative as reichschancellor and finance minister, your highly esteemed firm was secured for 10 years by putting at its disposal considerable means of the Reich for maintenance of armament technique in the Reich's service."

Money Sent Yearly.

Attached to Wirth's letter was a confidential memorandum by one of Krupp's staff which is expected to figure prominently in any Allied trial of German industrialists. The memorandum states that Wirth put 48 million dollars worth of marks at Krupp's disposal at Mendelssohn & Co., Berlin, from which the money was transferred to an account carried under the name "Custodia" in Amsterdam. The account was later "nourished by yearly remittances from Stockholm in Swedish crowns."

Because of senile softening of the brain, Gustav Krupp von Bohlen und Halbach was excluded from the present Nuernberg war crimes trial. His son, Alfred, may be included as a defendant if industrialists are put on trial as a class.

So that people won't forget his name, Robert D. Blue, governor of Iowa, wears blue suits and blue ties, has all his printing done in blue ink and has blue ribbons on his typewriters.

Planning Rural Utopia on Farm

University Experts Seek Era of More Comfort, Less Perspiration.

COLUMBUS, OHIO.—Agricultural engineers at Ohio State university are busy thinking up new ways to help the farmer do his work with more comfort and less perspiration, says the United Press.

They have already developed a "milking parlor" that saves stanchion room in dairy barns and keeps the cows moving in double file past a milking machine. They get their feed at the same time, thus greatly simplifying that job for the farmer.

The engineers are working on a gadget that at the touch of a button scoops manure from the trough behind the stanchions and dumps it into the fertilizer spreader.

New Cotton Picker.

Farm machinery companies also have their plans, some of them still "top secret."

International Harvester now has in production a cotton-picker that may revolutionize cotton farming in the south; a one-man pickup baler that rakes up cured hay in the fields and kicks out bales as it goes along; and a self-propelled combine that applies the once-over-lightly principle to wheat harvesting.

I-H also has a new vest-pocket tractor for farms of less than 40 acres that comes equipped with a specially designed line of implements.

The Oliver corporation claims its new plow "solves the problem of deep plowing." They say the new plow will plow to a depth of 12 inches without turning over the hard pan of the substrate.

Comfort on Tractor.

Oliver also has a new-type tractor that moves on rubber tracks. It's good for use on muck farms or on farms that are hilly or have loose soil. The rubber tracks permit its use on highways.

Another device recently demonstrated was a "cut-off corn harvester" that cuts the stalks, snaps them off and husks the ears, delivering them to the wagon; then shreds the stalks and distributes them over the ground.

Prompt disposal of the stalks in this manner cuts down corn borers by 95 per cent, it is reported.

One manufacturer with an eye for comfort has mounted his tractor seat on hydraulic shock absorbers.

The one the farmers are really going for is the home freezing unit. Dr. Glen R. McCuen, head of the Ohio state agricultural engineering department, warns that manufacturers cannot keep up with the demand for freezing units.

"This will represent an opportunity for the fly-by-night manufacturer," Dr. McCuen warned. "It looks as though the disreputable home freezer salesman will be the next to victimize the farmers on a grand scale."

Atom Accident Fatal to Scientist From Canada

LOS ALAMOS, N. M. — Dr. Louis Slotin, 35-year-old scientist from Winnipeg, Canada, died recently from the effects of exposure to radiation, the army announced.

Dr. Slotin and seven other physicists and technicians of the Los Alamos atomic bomb laboratory were injured May 21 in an accident while working with fissionable material. All were exposed to radiation, but the other seven are reported recovering.

Dr. N. E. Bradbury, project director, credited Dr. Slotin with dispersing the material "at the moment of the accident to prevent greater injury to fellow scientists."

A native of Winnipeg, Dr. Slotin came to the atomic bomb laboratory from Oak Ridge, Tenn., in December, 1944. He had been associated with the Manhattan engineer district since 1943.

Red Cross Closes Last Of Doughnut Canteens

PARIS. — The era of the American doughnut is just about over in liberated Europe.

The Red Cross, which estimates it has served 450 million doughnuts along with 200 million cups of coffee since the invasion, has closed up its hospitality activities.

The Columbia club in Paris was the first to close and the eight remaining Red Cross outposts in Le Havre, Reims and Namur, Belgium, followed.

Dorothy Villiger, the Columbia club director, said 22,000 soldiers a week had used the Paris club's facilities.

Pfc. Walter Babicz of 1504 W. Cortez street, Chicago, said:

"We don't like it. This place was the best deal we had."

United States Army Ships Put Ban on Younger Babies

WASHINGTON. — The war department has decided not to carry any more babies less than six months old on its ships bringing war brides and children from the European and Mediterranean areas.

It also bans wives more than six months pregnant and will not permit more than 25 per cent loading of any ship with children less than six years old.

Stalingrad's factories get in production while being rebuilt.

'Shrink Derby' Is On in Manhattan

Must Lose Pound a Week Or Kick in With Dollar.

NEW YORK.—Some of Manhattan's best known tummies are shrinking in a reducing derby.

It all started when about 500 heavyweight New Yorkers banded together in a "dollar-a-pound-club." If they don't lose a pound a week, they kick in with a dollar to New York's famine emergency committee.

"The race has been running for about a month now," Anthony Drexel Duke said, "and I have collected already about \$200."

Duke, whose blood is as blue as ink, helped organize the club after Printer Herman Jaffee, who weighed in at 289, thought up the idea.

The two have signed up such noted names as Newbold Morris, former president of the New York City council and one of the losers to Mayor William O'Dwyer in the last election; Col. Anthony J. Drexel, the marine expert on use of the bayonet; Mike Jacobs, the fight promoter; Joe Louis, the heavyweight champ, and Billy Conn, the challenger—along with such topnotch Wall street lawyers as Charles C. McVeigh and John Jackson.

"We went to the president of a chain store restaurant here in New York," Jaffee said, "and we asked him to cut down his three-decker sandwiches to two decks. He sold around 60,000 a day, and you can figure out how much bread that gobbles up."

The restaurant man liked the idea.

Then Jaffee and Duke slipped in their killer-diller punch.

"You don't need that extra dough," they said, "How about giving it to the famine fund?"

"All right," said the president, and he did. It'll hit a clip around \$250 a week.

"Then the club really got going," said Duke. "We got about 25 of New York's top clubs signed up. I didn't know people were so honest. Every man is on his honor, you know. They keep rolling those dollars every time I turn around."

British Might Hit Peak in June, 1945

LONDON. — Britain's armed forces reached a peak strength in June, 1945, of 4,683,000 — approximately 10 per cent of her population — during the war in which service and civilian casualties totaled 732,627.

A government white paper published recently listed 357,116 killed, 6,244 missing and 369,267 wounded as final casualty figures.

Servicemen's deaths totaled 264,443, including 144,079 in the army, 69,606 in the royal air force and 50,758 in the navy.

Altogether 5,896,000 served in the forces during the war. Of this total 3,788,000 went into the army, 1,185,000 into the RAF and 923,000 into the navy.

Separation Centers Are Being Reduced by Army

WASHINGTON.—With more than 7,000,000 men released by the army since V-E Day, the war department announced that more than half its separation centers have been closed or ordered to shut down.

Nine of 27 camps operated by the army service forces have been closed, and six others will become inoperative by the end of July, a statement said. These are Camp Shelby, Miss.; Camp Atterbury, Ind.; Camp McCoy, Wis.; Fort Bliss, Texas; Camp Chaffee, Ark., and Fort Douglas, Utah.

Eighteen separation centers are still in operation with facilities to reduce the army's strength to the required figure of 1,550,000 by July 1, it was stated.

Enemy's Loss Greater on West Front, Records Say

BERLIN.—Statistics compiled by the armed forces division of the American Military government, with the aid of captured German records, showed that, counting prisoners, German armed forces lost far more men to the western Allies during the war than to the Russians.

The figures compiled on the dead and wounded are incomplete, but reckoning the civilian bombing casualties there was also an indication that the western forces killed more Germans than did the Russians.

According to captured files of the German bureau for notifying next of kin casualties, the army had 17 million men, including the air force, during the war.

Night Life Irks Capital Suburb; Citizens Protest

LANDOVER, MD. — Citizens of this little community outside the nation's capital were up in arms recently over "city slickers" from Washington who get steamed up and dance nude in the streets.

Members of the Landover Suburban Citizens association reported the petting parties and impromptu demonstrations occur every moonlit night.

Spending in the nation was nearly trillion in six years.

Management's-eye-view of the Santa Fe

View from fireman's seat inside cab of one of Santa Fe's great fleet of Diesel locomotives. Engineer sits at right.

Many of the fine things you are enjoying and are about to enjoy on the Santa Fe are the direct result of riding the line rather than riding an office chair.

You can see more railroad from the cab of a locomotive than you can from a typewritten report. It all goes to prove that foresight is better than hindsight.

That's why you so often find the top executives of Santa Fe at the "head-end" of Santa Fe trains. They ride in front by desire and design to see what lies ahead.

The modern railroad executive, who has grown up with tracks and trains and who has spent a large part of his life in railroading, looks at a section of track not in terms of ties and rails

but in terms of the possible improvements for better service to shippers and passengers.

Coupling long experience with mature vision, he translates new ideas into action with immediate decision which is both practical and timely.

This practical "Management's-eye-view" has led to the straightening of curves, improved roadbeds, new bridges and many other things which pay off in terms of better service for both passengers and shippers. It has led also to improvements of design and handling in the locomotives themselves.

During the next few months, Santa Fe will announce a number of new features improving its service and equipment. Watch for them.

Money Spent in Canyon Helps Build Our City!

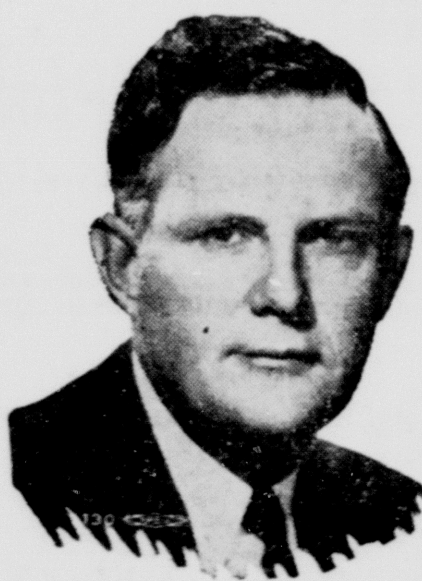

TEXAS COMES FIRST!

That is the political philosophy of

Beauford Jester

of Corsicana

Candidate for GOVERNOR OF TEXAS

In his opening campaign address Beauford Jester declared:

"The Political Action Committee of the CIO is not going to dominate the people of Texas."

"I am opposed to labor monopolists as much as I am opposed to capitalistic monopolists."

"There must be no threat to the life, livelihood or property of any citizen."

"In Texas we want equal responsibility from both labor and management—responsibility to the public itself."

"I am urging the people of Texas to return to first principles in government."

"The home, the Church, and the School are the foundations of our society and well-being. As Governor of Texas I shall ever strive to strengthen these foundations of Texas."

"I am a liberal Democrat, but I am not a loose Democrat."

Beauford Jester long has been an active worker for the better things in life—church, welfare, civic development, education, agriculture and athletics. He has served with distinction on the Texas Railroad Commission. His record as a citizen and as a public official justifies his promotion to the governorship of Texas.

He has served with distinction on the Texas Railroad Commission. His record as a citizen, public official and soldier justifies his promotion to the governorship of Texas.

Vote for BEAUFORD JESTER FOR GOVERNOR

Boyce House Puts Pac-Cio Brand on Other Candidate

Port Worth, August 22—Boyce House, candidate for Lieutenant Governor, charged his opponent with being the candidate of the Political Action Committee-C. I. O. in a speech in which House declared: "My opponent is now, and has been for the last 12 years the Senator from the district which is the strongest P. A. C.-C. I. O. district in Texas. In that district is Port Arthur, where there are two great refineries employing thousands of men who are members of the C. I. O."

"The Senator, my opponent, could not have been elected to the Senate and re-elected for 12 years if he had not received the votes of the P. A. C.-C. I. O. And he received their votes in this race because on July 27, the vote in Port Arthur was 5,966 for him and 521 for Boyce House."

"I have never spoken at a meeting of the C. I. O.; what says my opponent with regard to whether he has? I have never 'sat in on' a meeting of the C. I. O.; let my opponent say what his record is with regard to this. I have never been endorsed by the Political Action Committee; I do not want their endorsement; I would not accept it; I disapprove of the Political Action Committee. On the other hand, my opponent has run with the P. A. C.-C. I. O. for 12 years and he received their vote on July 27."

Furlow Family Holds Reunion

Forty-four members of the Furlow family attended their Reunion at McKenzie Park, Lubbock, on August 11.

Present were: Mr. and Mrs. A. H. Furlow, Lamesa; Mr. and Mrs. Oscar Furlow, O'Donnell; Mr. and Mrs. Lance Furlow, O'Donnell; Mr. and Mrs. A. B. Furlow and baby, O'Donnell; Mr. and Mrs. Rudolph Furlow and family, DeLeon; Miss Thelma King, Tulla; Eddie Maljamon, Los Angeles, Calif.; Mr. and Mrs. M. L. Bewley, Tulla; Mr. and Mrs. Galen Whitchurch, Crosbyton; Mr. and Mrs. Donald Spurlock, Crosbyton; Mrs. Donnie Collins and daughter, Canyon; Mr. and Mrs. John Coats, Lubbock; Mr. and Mrs. Will Stinson, Nacogdoches; Mrs. Obert Morgan and Bobbie Jo, Nacogdoches; Mrs. Welton Blair and children, Lamesa.

Fairview Breezes

Mr. and Mrs. G. E. Wesley and Miss Lavinia Amerson are vacationing in New Mexico this week.

The young people of our community met in the J. W. Wesley home Saturday evening, and went on a picnic to the new Baptist Encampment grounds. They ate sandwiches, cookies, and drank iced tea. They returned to the Wesley home and played games.

We are glad to report Mrs. S. F. Sharpes returned home Saturday and is doing fine.

Mr. and Mrs. H. H. Shipman and children, Mr. and Mrs. Charles Wesley and children, Mr. and Mrs. T. H. Shipman, Mr. and Mrs. Ira Scribe and children all plan on going to Seymour Friday to attend a Shipman reunion Saturday and Sunday.

Mr. and Mrs. D. L. Whitson spent Saturday night in the J. W. Wesley home.

Mr. and Mrs. E. E. Wesley and Arlen are vacationing at Creed, Colorado.

Vesta Amerson visited Evelyn Schaeffer Sunday.

The Randall County Sing Song Band met at Fairview Sunday afternoon.

Mr. and Mrs. Charles Sutton are vacationing at Glen Rose.

Word from Mrs. Albert Legate from near Whitherald confirms that she has been confined to her bed for some time with high blood pressure.

Crime Wave Is On Increase In Texas Says Officers

Criminals are preying upon the rural population of Texas at nearly double the rate of two and a half years ago, Director Homer Garrison of the Department of Public Safety declared today.

Garrison said rural crime increased 85.27 per cent from the first six months of 1944 to the first six months of 1946.

Biggest gain was in robbery, up 158 per cent. Another staggering gain was shown in burglary, up 121 per cent. Auto theft jumped 96 per cent; felony theft 61 per cent; murder and homicide 55 per cent; and rape 48 per cent.

During the same period crime increased 42 per cent in the cities. The overall gain for both rural and urban jurisdictions was 54.54 per cent.

Garrison said law enforcement officers are "holding their own against long odds," for arrests have increased in direct proportion to the gain in crime.

Convictions, however, are lagging behind. The penitentiary system received 930 new prisoners in the first half of 1944; 862 in the first half of 1945; and 1221 in the first half of 1946, Garrison said. This represented an increase of 31 per cent from the 1944 to the 1946 period.

Hats for fall and winter are styled for wearability.

Mrs. M. Ferguson Praises Jester For Stand Against Klan

Beauford Jester's long time active opposition to the Ku Klux Klan drew public endorsement from Mrs. Miriam A. Ferguson, Texas' only woman governor, who came out strongly in support of Jester's candidacy for Governor.

She said that she had not intended to make a public statement in the present campaign, but that things have come to her attention which convinced her that she should speak, in the interest of fair play.

In a letter to Jester, she declared: "Voters of Texas will remember that my husband, James E. Ferguson, and I led the fight against the Ku Klux Klan in 1924. I was elected governor on an anti-Klan ticket, and at that time the Klan issue was buried. The wounds of battles between father and son, brother against brother, and friend against friend, have long since healed. I have seen statements and literature which convince me that some people would open those wounds."

"In the spirit of a true Texan, I believe in honest and fair play. I was informed by those of your county who helped in that fight that in

1924 you were active in the fight against the Klan. I know that you gave support to this fight while you were a young lawyer, and then a recently returned combat veteran of World War I.

"I have never been intimately acquainted with you. But I am familiar with your record as a soldier, as a Regent of the University of Texas, as Railroad Commissioner, as well as your stand on the Klan question."

"Because I believe that the interest of Texas can be best served by your election, I now pledge to you my support."

Two days of starvation diet? Fine! Even that little rest from stuffing ourselves will add 10 years to our lives.

"...I always did think a bank was the logical place to get a long-term farm loan."

Yes, common sense tells you your banker is the logical person to lend you long-term money. He knows you and you know him. You do your other banking business with him where you get prompt, friendly service—why not farm loans?

Good banking practice does not permit banks to tie up depositors' money on long-term contracts, but now, through our special arrangement with The Equitable Life Assurance Society, you CAN get real estate loans at this bank with terms up to 40 years with these remarkable features:

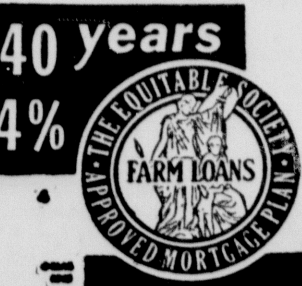

- 1 PROMPT, FRIENDLY LOCAL SERVICE**—No red tape—confidential.
- 2 4% GUARANTEED 40 YEARS**—Take your choice of 14 different plans.
- 3 PAY ANY AMOUNT AT ANY TIME** from farm income... the famous Farm Income Privilege.

4 SAVE TIME AND MONEY—make the payments on your loan here, at this bank.

5 NO EXTRA CHARGES—No stock obligations. No fees and no commission to pay... only the usual abstracting or title policy and recording expense.

6 SAVE INTEREST ON YOUR EXTRA PAYMENTS while they are held in the Payment Reserve to tide you over lean years.

Think of the advantages of this new plan! With it you have a complete banking service—personal loans, crop, livestock, and equipment loans, short and long-term real estate loans—all the credit you need for the business of farming, under one roof. Let us explain how we can save you time and money with this modern and complete service.

Venereal Disease Is No Respector of Class Standing

Because of the fact that a venereal disease is no respecter of persons, people of every class and color, rich and poor, educated or ignorant are numbered among the victims, asserts Dr. Geo. W. Cox, State Health Officer.

"Venereal diseases are among the most vital health problems in the State of Texas today," Dr. Cox said. "The amount of suffering, economic loss, insanity and even death from venereal diseases cannot be accurately estimated but would reach a shocking figure if disclosed."

The State Health Officer pointed out that self-diagnosis and self-treatment are extremely dangerous and advised consulting a physician for determining definitely whether or not a venereal disease is present.

"Only a reputable physician can properly diagnose such a disease. The presence of gonorrhea is not disclosed by a routine blood test, and the diagnosis of syphilis requires more than a blood examination," declared Dr. Cox. "Both syphilis and gonorrhea are almost 100 per cent curable if discovered and treated in their very earliest stages. Thousands of deaths annually could be prevented," Dr. Cox said, "if sufficient attention were given to the early diagnosis and thorough treatment of syphilis. Delay reduces the chance of cure and in many cases is the direct cause of death."

Dr. Cox urges that every person who might suspect a venereal disease infection have a physical examination, so that if present, the disease can be brought under treatment at the earliest possible date.

WE ARE ALL INVESTORS

In a recent editorial, the Saturday Evening Post discussed the "war against saving," caused by the steady decline in return on invested capital, and the enormous increase in taxes on earnings. In conclusion, it said: "If the war against saving is carried much further, our users of capital will be driven to government lending agencies, with the inevitable evils that arise when investment is made, not to produce a profit, but to augment political power. . . . For the 'Little People' the prospect would be much as the London Sunday Times lately stated it: 'The worker will face a single vast monopolist—the State—whom he can neither emulate nor fight.'"

Most of these evils can be avoided if the so-called Common Man will consult his own interest instead of letting demagogues and executive secretaries of leftist committees define it for him. If he did that, he might even champion the right of the investor to his just share of the pie, if only on the ground that, when you come down to earth, we are all investors."

Government domination of industry, like government ownership of industry, is the sure and inevitable road to Statism. That is why we must keep private enterprise alive—and to keep it alive we must allow it adequate earnings on the people's savings it represents.

Cleon Mount of Noblesville, Ind., Republican nominee for the office of Tipton county circuit court judge, filed an affidavit listing his campaign expenses as 3c. He had bought a postage stamp.

JOHN GUTHRIE

Rainey Fights For Our Schools

By J. L. Duffot

A vote for Rainey is a vote for LEADERSHIP to retain in Texas \$85 million annually in taxes out of our natural resources which now go North to build their schools, their farm-to-market roads, their health units, and increase their old age assistance. A gathering tax of as much as one cent per gallon on eight and a half billion gallons of gasoline manufactured annually in Texas, seven billion gallons of which are sold out of the state will produce the added revenue that will eventually place Texas schools at the top of the ladder rather than on the 37th round.

Walter Prescott Webb, the distinguished professor of history of the University of Texas, in his epoch-making book, "Divided We Stand," written in 1937, shows how the political leaders of Texas have joined with Eastern monopolies to make Texas their industrial colony. Read the book, based on carefully documentary facts, and you will understand what Rainey is trying to do for you and the people of Texas.

A vote for Jester is a vote for a self-confessed MIDDLE-OF-THE-ROADER, the typically charming man of REACTION who is now playing both sides of the road against the middle. Such middle-of-the-road tactics will benefit only two classes of people: the big interests who are solidly behind him, and the ring leaders of the Texas Regulars who are for him to a man. The former will find in Jester protection from extra taxation, while the latter will be restored to power by the very Democrats of Texas that drove them out in 1944.

Superintendent L. A. Woods has done the unprecedented but the most courageous act known in the history of educational leadership in Texas when he now pleads with the people of the wealthiest state of the Union to rally to the support of Dr. Rainey because he has the only tax program that will place our schools in the front rank of the nation. Jester's platform on education, according to Woods, is just \$17 millions short of its immediate imperative needs.

A vote for Jester will be a vote for a stream of alibies two years hence "explaining" his inability to deliver the good things promised. Why? Because he proposes to do these things without added taxes! He says it will come out of the SURPLUS that has been accumulating. It is authoritatively reported out of Austin that this so-called surplus will fall six million dollars short of old age assistance alone. Perhaps Jester, like O'Daniel, will propose that the poor people pay their own school bill from a sales tax collected from their grocery basket. When Rainey fights for the schools, the vested interests knows he means it.

U. S. sues 7 railroads to speed relief shipments to Europe.

A JOINT RESOLUTION
proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000.00) Dollars, or so much thereof as may be necessary, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization of the Governor of Texas on August 31, 1937.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000.00) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization of the Governor of Texas on August 31, 1937."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the next general election to be held on the first Tuesday after the first Monday in November, A. D. 1946, at which all ballots shall have printed thereon:

"For the Constitutional Amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College"; and

"Against the Constitutional Amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College."

Each voter shall mark out of one said clauses on the ballot leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

H. J. R. No. 49
proposing an amendment to Article VIII of the Constitution of the State of Texas by adding thereto a new section to be known as "Section 7-a"; providing that subject to legislative appropriation, allocation and direction all net revenues derived from the taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicles registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose.

"Each voter shall strike out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting FOR or AGAINST said proposed amendment."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for Amendments thereto.

H. J. R. No. 10
HOUSE JOINT RESOLUTION
proposing an Amendment to Article 16 of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; limiting the amount contributed by the State to such Fund; providing for investment of Fund with certain exceptions; providing recipients of benefits hereunder from receiving other direct aid from the State; and providing for an election, necessary form of ballot, and publication of the question of adoption of this Amendment.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Article VIII of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as 7-a and to read as follows:

"Section 7-a. Subject to legislative appropriation, allocation and direction, all net revenues remaining after payment of all refunds allowed by law and expenses of collection derived from motor vehicle registration fees, and all taxes, except gross production and ad valorem taxes, on motor fuels and lubricants used to propel motor vehicles over public roadways, shall be used for the sole purpose of acquiring rights-of-way, constructing, maintaining, and policing such public roadways, and for the administration of such laws as may be prescribed by the Legislature pertaining to the supervision of traffic and safety on such roads; and for the payment of the principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible prior to January 2, 1945, for payment out of the County and Road District Highway Fund under existing law; provided, however that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; and, provided, however, that the net revenue derived

by counties from motor vehicle registration fees shall never be less than the maximum amounts allowed to be retained by each county and the percentage allowed to be retained by each county under the laws in effect on January 1, 1945. Nothing contained herein shall be construed as authorizing the pledging of the State's credit for any purpose."

Sec. 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at the General Election to be held in November, 1946, at which election each ballot shall have printed thereon the following words:

For the Amendment to the Constitution of the State providing that, subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose.

"Against the Amendment to the Constitution of the State of Texas providing that subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose."

Each voter shall strike out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting FOR or AGAINST said proposed amendment."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for Amendments thereto.

HOUSE JOINT RESOLUTION
proposing an Amendment to Article 16 of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; limiting the amount contributed by the State to such Fund; providing for investment of Fund with certain exceptions; providing recipients of benefits hereunder from receiving other direct aid from the State; and providing for an election, necessary form of ballot, and publication of the question of adoption of this Amendment.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto Section 62, which shall read as follows:

"Sec. 62 (a). The Legislature shall have the right to levy taxes to provide a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; provided that the amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person."

"All funds provided for the compensation of such person, or by the State of Texas, for such Retirement, Disability, and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or in bonds issued by an agency of the United States Government, the payment of which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the State, is released to the State of Texas as a condition to receiving such other pension aid."

"(b). Each county shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the county; provided same is authorized by a majority vote of the qualified voters of such county and after such election has been advertised by being published in at least one newspaper of general circulation in said county once each week for four consecutive weeks; provided that the

amount contributed by the county to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the county, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person."

"All funds provided for the compensation of each such person or by the county, for such Retirement, Disability and Death Compensation Fund, as are received by the county, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the county, is released to the State of Texas as a condition to receiving such other pension aid."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the election to be held throughout the State in November, 1946, (being the 5th day thereof*) at which all ballots shall have printed thereon:

"For the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas," and

"Against the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas."

Each voter shall scratch one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

"According to an opinion by the Attorney General of Texas. 2214

H. J. R. No. 62
HOUSE JOINT RESOLUTION
proposing an Amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veteran's Land Board and establishing a Veteran's Land Fund; providing for an election and the issuance of a proclamation therefor.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b which shall read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veteran's Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veteran's Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum."

"In the sale of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Funds; such bonds to be issued only as needed, in the opinion of the Veteran's Land Board under legislative authorization."

"The Veteran's Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm or corporation."

"All lands thus purchased shall be acquired at the lowest price obtainable, be paid for in cash, and shall be a part of the Veteran's Land Fund."

"The lands of the Veteran's Land Fund shall be sold by the State to Veterans of the present war or wars, commonly known as World War II, in such quantities, and on such terms, and at such prices and such rates of interest, and under such rules and regulations as may be prescribed by law; provided,

however, that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law."

"All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veteran's Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purpose as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday, 1946 at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"For the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"Against the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Section 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expense of such publication and election.

Allan Shivers Runs For Lt. Governor On Qualifications

Senator Allan Shivers, leading candidate for lieutenant governor, is seeking election to that office solely on the basis of his qualifications of wide training and experience.

In every way, Allan Shivers, the legislator, lawyer, farmer and World War II combat veteran, is exceptionally qualified for the No. 2 state office. As a state senator for a number of years, he established an excellent record of public service. A loyal Democrat and native Texan, he is a man of highest character and splendid personality. The majority of Texans believe he will reflect credit and honor on the State of Texas.

Shivers, a war veteran of two years overseas, during which time he earned 5 battle stars, did his best to make this a free country for a free people. He will continue that course as lieutenant governor.

He has conducted a dignified campaign, free of mud-slinging and personalities. His platform appeals to every Texan: Better farm-to-market roads, better salaries for school teachers, enlarged public safety facilities, a thorough public health program, redistricting of the state for legislative purposes, greater aid to the aged, real assistance to war veterans, reorganization of the pardon and parole system, a first class university for the colored, and equal responsibility from both labor and management. He is against a sales, state income or any other form of new taxes.

Allan Shivers will be the lieutenant governor of all the people in addition to integrity, sincerity and ability, he has a background of training and a record of public service already performed which gives him the right to ask for promotion.

Homer P. Rainey

THE "LITTLE 'UNS" CANDIDATE FOR GOVERNOR

(1) Has the support of 98% of the University of Texas students who believe he was unjustly fired as University president.

(2) Has the support of the old people of Texas because he is the only candidate who has a program to actually finance \$40 pensions. Rainey is tired of the way the present administration (which endorses Jester) has cut pension checks every month despite a surplus of money in the state treasury. Rainey wants the state kept out of debt, but he wants it kept out of debt at the expense of the oil millionaires and not at the expense of the old people of Texas.

(3) Has the support of the teachers because he is the only candidate who has a program to actually finance improvements in the educational system of the state.

(4) Has the support of the farmers because he is the only candidate who advocates the farmers receiving a price for agricultural products which is at parity with prices farmers must pay for what they buy.

(5) Doesn't have the support of W. Lee O'Daniel and the Texas Regular oil millionaires because Rainey advocates a tax on oil and gas and sulphur so the state will have the money to pay \$40 pensions, adequate teachers' salaries, and to pave needed farm-to-market roads.

(6) Let's have a God-fearing man, not an oil-fearing man in the Governors chair.
